## UNION MINERS FOUND GUILTY

Violated Federal Court Injunction Against Intimidation at Sturgis.

FINED IN UNITED STATES  
CIRCUIT COURT AT OWENSBORO.

Two Given Jail Sentences and Eight are Fined.

Ten union miners, charged with contempt of the Federal Court by disobedience to an injunction granted the West Kentucky Coal Company, of Sturgis, were found guilty at Owensboro last Thursday and sentenced by Judge M. J. Cochran of the Eastern district of Kentucky, who presided at the session of the United States Circuit Court in the absence of Judge Walter Evans, who is abroad.

William Molloy, charged with intimidating two negroes by threatening them with a pistol, was sentenced to three months' imprisonment in the Owensboro Jail. The evidence was strong against Molloy.

Rufus Farmer, who had been convicted of an unprovoked assault with a knife upon a negro miner, was sentenced to six months' imprisonment.

The other eight men found guilty of violation of the court's injunction against intimidating or interfering with the employees of the West Kentucky Coal Co., were each fined \$25. These men were Gus Shibley, Allen Moore, Albert Hall, Dave Chandler, Jack Lewis, Henry Dills, John H. Miller and Hamp Clark. The court admonished the men to "obey the commands of the injunction and to use their influence to have it preserved to the letter." He said: "If you will promise to do this I will make your sentence as light as I can."

These eight men, with about a dozen others, were charged with meeting a car load of negro miners on July 13 and frightening them from their purpose of going to work for the West Kentucky Coal Company. The charges were proven in the cases of the eight men whom Judge Cochran tried.

### HELD OVER TO CIRCUIT COURT

Was Utley—Under Bond of \$2,000 for Killing John Barton.

At the examining trial of Sam Utley for the killing of John Barton, Friday, Judge Wilson held the defendant over to the circuit court under bond of \$2,000.

A great deal of interest was manifested in the case, large crowds being present all through the trial. The case came to an unexpected end Friday afternoon, as the attorneys for the defense submitted the case to the court without introducing any of their witnesses. About twenty witnesses were examined by the commonwealth. None of them were eye witnesses to the tragedy.

At the conclusion of the testimony for the commonwealth, the case was submitted without argument.

Attorney Reby Laffoon was assisted in the presentation by Attorneys Gibson and Kinchloe. The defense was conducted by Attorneys Jennings & Jones.

### An Enjoyable Picnic.

A gala day was spent by the M. E. Sunday School and their several guests last Thursday, it being the occasion of their annual picnic at beautiful Loch Mary. The crowd gathered early and remained until the gloaming and the threatening elements turned their faces homeward. The day was spent playing games and boat riding and even the older ones became as little children in the enjoyment of the day. At the noon hour the tables fairly groined with the burden of the tooth some and delicious edibles prepared by the ladies, their being an abundance left for supper to which most of the crowd remained.

## KENTUCKY MILITIAMEN WILL GO TO SEA GIRT.

Best Marksmen in State Guard Will Compete With Regulars.

The members of the regiments, composing the Kentucky State Guard, who make the highest averages in the rifle range practice at the Henderson camp meet this summer will be entitled to a trip to Sea Girt, N. J., where the annual contests between the best marksmen of the regular army and those of the states having the guard system, occur.

Heretofore, it has been the intention of those in command of the military forces of the State to send the best marksmen of the guard to this event every year, but it has been impossible to do so. An increased appropriation has been granted the guard and it is now an assured fact that those making the highest scores at Henderson this year will make the trip.

It will be remembered that Co. "G," possesses the leading marksmanship of the guard in the person of William Lamb, of this city, who attained this distinction at Paducah last year. Other members of the company also made exceptionally good averages. The ranges at Henderson this year will be at a closer distance than those at Paducah last year. With this advantage it is very likely that members of the local company will make better averages than in last year's practice.

### Tobacco Planters to Hold Big Reunion.

Guthrie, Ky., July 26.—This annual reunion of the Tobacco Planters' Protective Association will be held at Guthrie, at the Fair Grounds, Saturday, Sept. 22. The continued success of this association, which is the most important of its kind in the state, has determined the management to make the next gathering of its members a more brilliant success than was the last. It is said between seven hundred and eight hundred persons were counted into the grounds in 1905. Three hundred carcasses were barbecued. This time arrangements will be made for twenty-five thousand persons. Three hundred carcasses will be barbecued.

There will be a grand procession, which will be graced by beautiful women on horseback. The most eminent orators and thinkers of our section will be present to address the members. The music will be especially selected. One word will be used, and thought of as the crowning glory of the day, "success."

### UNION COUNTY

His Big Coal Deal—Ohio Syndicate Makes Large Purchase.

Another big coal deal has been made in Union county near Waverly.

The Kentucky Coal Mining Co., representing Dayton, Ohio, capital, has bought the coal right under two thousand acres of land east of Waverly, and as soon as possible will sink and equip a modern shaft and begin the mining of coal on a tremendous scale.

Charles A. Baker is president of the company, and James Stoops vice president.

The company has bought forty-seven acres of land from Joe O'Daniel, paying him \$50 an acre for it. This land touches the Illinois Central railroad and on it the tipples will be built and the shaft sunk. They expect to begin work on the shaft the first of September, and will push it forward as rapidly as possible. The price paid for the coal right was about \$5.50 an acre.

### Successful Sale.

The lot sale in the Dan Davis addition that took place at Madisonville Saturday proved a success. Auctioneer Thos. Elnley sold 30 lots in two hours' time. The average price for these lots was \$350. It is the intention of the Western Kentucky Real Estate people to put on another sale in the near future.

Many a woman's experience in a bucket shop have caused him to turn pale.

## HOPKINS COUNTY

Teachers Institute Began Monday—Large Crowd Present.

OPENING ADDRESS BY J. J. GLENN.

The Hopkins County Teachers' Institute convened at the court house Monday morning and will continue five days. The attendance on the opening day was large and prospects are good for the largest attendance in years. A very fine program has been arranged and a session of great interest and profit is looked forward to by all. Prof. R. M. Shipp, of the Winchester schools, is the instructor for the week. Sessions will be held every morning and afternoon to which the general public is cordially invited.

The session Monday was opened by singing and prayer by Rev. J. B. Adams, of the M. E. church. The welcome address was delivered by Prof. J. J. Glenn in a most happy way. Mr. Glenn's address was filled with personal reminiscences that were interesting and entertaining. The professor has a record with few, if any, equals in the state. He has attended every white institute that has been held in Hopkins county for 28 years and every colored institute, 22 in all. He taught his first school 44 years ago.

The response was given by Prof. T. H. Smith. Mr. Smith said the teachers had not come to Madisonville to be welcomed and entertained but to work, and hoped that the institute would prove beneficial and helpful to every teacher in attendance.

The work of the organization resulted in the election of Mr. W. B. Davis as chairman and L. R. Ray as secretary.

Following the transaction of business as County Superintendent A. J. Fox delivered his annual address. He expressed his gratification at the attendance and interest expressed in this, the first institute held under his administration. He paid a high tribute to the teaching profession. He said it was as much a calling as the ministry. Success in teaching, said the superintendent, depends upon the preparation and effort of the individual. The requirements of the teacher is more than the mere ability to pass examination prescribed by examiner. The address was an able one of factually delivered.

At the conclusion of the superintendent's address the institute adjourned and the real work of the institute was taken up in the afternoon with enthusiasm and zeal.

Following was the program for Tuesday:

8:30. Devotional exercises—Rev. S. F. Fowler.

8:45. (1) Teaching of dialectics—Nora Dame.

8:50. (2) To what extent should every lesson be a spelling lesson?—Taylor Craynor.

8:55. (3) How to conduct an oral spelling lesson—Richie Key.

2:30. (4) What ends are to be sought in discipline?—O. M. Nisbet.

2:40. (5) Has the tone of voice anything to do with discipline?—Ole Fox.

2:45. (6) Name and discuss several elements of governor power.—Katie Bailey.

2:55. Recess.

3:10. (7) School Evils and School Punishment.—F. S. Bailey.

### REGIMENTS OF STATE GUARDS FORMED INTO BRIGADE.

Col. Roger D. Williams Appointed Brigadier General by Gov. Beckham.

The following military order has been issued at Frankfort: General order No. 5:

1. In accordance to the provisions of Section 2670 of the Kentucky Statutes, as amended, the Kentucky State Guard is hereby organized into a brigade, to be known as the First Brigade and to consist of all organizations now comprising the guard.

2. Col. Roger D. Williams, second infantry, first brigade, is hereby appointed brigadier general in command of said brigade until such time as an election may be held.

3. He is to be obeyed and respected accordingly. General Williams will appoint the usual and necessary staff corresponding to the brigade organization of the army and subject to the approval of the governor.

By command of Governor Beckham. HENRY K. LAWRENCE, "Adjutant General."

J. Emory Allen, of Lexington, ranking major of the second regiment, N. S. G., has been appointed colonel commanding Col. Roger Williams, who will assume the duties of brigadier general immediately.

### Prominent Young People Wed.

Two of Earlington's prominent young people were united in the holy bonds of matrimony at Elkton, this state, Wednesday, J. Y. Montague and Miss Lizzie Deau, both of this city.

Miss Deau left Tuesday morning and went to Elkton, where she was the guest of Mr. Montague.

Mr. Montague and his best man, Brick Southworth, left Wednesday morning for Elkton. The ceremony was performed by Rev. Cherry at his residence in the presence of a few friends at three o'clock yesterday afternoon.

The happy couple return to Earlington today and will be the guests of Mr. and Mrs. J. Q. Walker for a few days until they can arrange to go to house keeping.

In a few weeks they expect to take a trip to the old home of the groom at Brownsview, Tenn., accompanied by Pat McNeil and bride.

The groom has been connected with the Cumberland Telephone Co. at this place for a number of years and is an energetic hustling young man with a bright future before him.

He has many warm friends in Earlington, who wish him well. The bride is one of Earlington's most estimable young ladies and loved by all who know her for her unassuming qualities and consistent christian character.

### A Pleasant Jaunt.

A crowd of young people went to Dawson Sunday, leaving here at the early dawning in a wagonette. They spent the day at the cliffs, a lovely spot on the river bank, and after a most enjoyable trip full of fun and pleasure returned home at a late hour Sunday evening.

A Rochester, N. Y., minister bought a glass of beer in a saloon at Dawson and found it laced with pulp the next day as an object lesson. The number of glasses the minister consumed varied under their will not give.

## SOMETHING DOING

All the Time at Grayson Springs.

PENCIL PUSHERS AT WORK.

(Grayson Springs, Ky., July 24.—The Kentucky Press Association got busy early this morning and festivities were at their height tonight long after "90" had been announced at the offices of the editors. It was a day of work and a day of pleasure, both of which the scribes know something about.

The most important matter given attention at the business meeting was the libel bill, which was defeated at the last session of the Legislature.

At the suggestion of Col. W. B. Haldeman, editor of the Louisville Times, a committee of five was appointed to draw up resolutions to the effect that the members of the association would only support candidates for office favorable to the interests of the newspaper.

The resolutions will be reported probably at one of the sessions tomorrow.

Secretary Richardson reported that the following papers were applicants for membership in the association: The Berea News, the Berea Citizen, the Cynthiana Log Cabin, the Crusader, the Princeton Leader, the Harrodsburg Democrat, the Bluegrass Blade and the Ballard Keoman.

A banquet was held tonight at the hotel at which the following toasts were responded to: "The Salt of the Earth," J. J. Glenn, Glenn's Graphic.

"A Pretty Face," W. B. Brewer, Fairview Review.

"Our Neighbor," Heber Matthews, Hartford Herald.

"What of the Outlook," G. C. Underwood, Hopkinsville News.

"A Good Shot," Tim Newman, Williamstown Courier.

"The Never Ending End," Charles Meacham, Hopkinsville Kentuckian.

Col. Haldeman made an address in which he spoke in commendatory terms of the association and urged it to continue with its good work. His address was warmly received.

The election of officers will be held tomorrow and it is thought that the following will be elected:

President—David Wallace, Warsaw Independent.

Vice President—Lew B. Brown, Harrodsburg Democrat.

Secretary and Treasurer—Vernon Richardson, Danville News.

The wives and daughters of the editors played progressive euchre on the veranda of the hotel this afternoon. Mrs. Harry McCherry won the first prize, a silver baking dish. Mrs. Spalding won the guests' prize, a fan.

The other players cut for the consolation prize, a silver toothpick holder. It was won by Miss Guntion, a daughter of the President of the Association.

Former State Senator R. C. Crenshaw, candidate for the Democratic nomination for Commissioner of Agriculture, and former acting Lieut. Gov. Lillard Carter, candidate for the Democratic nomination for Lieut. Governor, arrived here today and are mingling with the editors. The Association will remain in session here until Friday, when the members will go to Bowling Green, where they will be the guests of that city Friday evening and Saturday.

Dr. and Mrs. Arthur McCormack have invited the visitors to attend a reception at their home Friday evening.

### THE FOLLOWING

Will be of Use to Some Earlington Boys.

Detroit, Mich., July 24.—Cigarettes caused Carl Wilson, aged twenty-one years, to blow out his brains with a shotgun while alone in W. M. Frasher's boarding house, at 58 Eureka avenue, Wyandotte. He left this message:

"Dear Brother Glen: If you want to live be old out out the cigarettes. They did me in."

Wilson was a hard worker and had no bad habits aside from cigarette smoking.

## EVANSVILLE MANUFACTURERS' ASSOCIATION.

Will Picnic at Loch Mary.

The Evansville Courier of July 19 says:

The Evansville manufacturers' association met last night in E. B. A. hall. Vice President Ezra Lyon was in the chair. After detailing the business transacted by the meeting the Courier says:

The Messrs. Atkinson, of the St. Bernard Mining Company invited the association to spend a day at Lake Mary, near Earlington, Ky. The invitation was accepted and a date will be set by the entertainment committee.

Officials Fall Out.

Last Friday evening as General Manager Gordon and Vice President Toombs were driving pretty swiftly down the steep hill this side of No. 11 mine, earnestly discussing a projected improvement in the shaft, the curve the wheels on one side ran upon a steep bank and overturned the vehicle, throwing the occupants to the ground, the General Manager alighting upon the Vice-President's head.

The energy of a pile driver, reducing that official to about the thickness of the Jack of Spades. Both parties executed leaps which would have immortalized an acrobat and cleared the overturned vehicle and escaped without scratches. The horse stood quietly until the buggy was righted and the journey resumed. After mature deliberation the gentlemen have decided in the future to procure in a broad gauge state boat.

### MINING NOTES.

Robt. Gorton has been detained at home several days this week by an injured finger.

Pat Blair, stable foreman at South Diamond mine, visited his relatives here Sunday.

Earl Stone has accepted a position with the surveying department of the St. Bernard Mining Company.

H. Chapman, a miner, who recently came from Alabama, was injured in the coalfield of Madisonville. He will build a new town about one mile southeast of Nebo. The company has purchased several hundred acres of coal rights and are now drilling for coal on the property with several diamond drills. A contract will be let immediately for the erection of about sixty houses to be used by employees of the company. The section where the mines are to be sunk is underlain with a thick bed of coal, and is situated so as to afford convenient shipping facilities, the Louisville & Nashville railroad passing near the mines.

A teacher in the primary grade was one day trying to persuade one of her small pupils to point out the letter "c" from among the letters of the alphabet written on the blackboard. Finally the teacher, pointing to the third letter, asked what that was. "O, yes! 'Now I know,' said the child. "That little piece of thread with the knot in it!"

According to Dr. Hobart Langdon, says the Medical Times, only three percent of the total number of inmates are here light hearted. His figures are obtained from 68 samples of 60 percent of the inmates were sane, with the other 32 percent, brown hair, long eyes, in New England there was not a single inmate that was not a brute.

The St. Louis man who killed himself because he caught one of his three small fish after an all-day effort, was not a real fisherman. A real fisherman, with the little fish, doesn't expect to catch fish in fish, he doesn't go after fish.

## ITCHING PAINFUL SORES ON HANDS

Suffered for a Long Time Without Relief—Had Three Doctors and Derived No Benefit—One Doctor Was Afraid to Touch Them—Soreness Disappeared and Hands Now Smooth After Application of

### CUTICURA SOAP AND CUTICURA OINTMENT

"For a long time I suffered with sores on the hands which were itching, painful, and disfigured. I had three doctors and derived no benefit from any of them. One doctor said he was afraid to touch my hands, so you must know how bad they were; another said I never could be cured; and the third said the sores were caused by the dipping of my hands in water in the dye-house where I work. I saw in the papers that Cuticura cures of the Cuticure Remedies and procured some of the Cuticure Soap and Cuticure Ointment. In three days after the application of the Cuticure Ointment my hands began to heal and were better. The sores disappeared, and they are now smooth and clean, and I am still working in the dye-house. I strongly recommend Cuticura Soap and Cuticure Ointment to any one with sore hands. I hope this letter will be the means of helping other sufferers. Very truly yours, Mrs. A. E. Maurer, 2310 State St., Chicago, Ill., July 1, 1905."

## MOTHERS! MOTHERS!

## FIGHT IN THE ISLAND OF LEYTE

Philippine Constabulary Badly Wounded in a Battle With Six Hundred Pulajanes.

Manila, July 24.—A detachment of constabulary, Lieut. Williams commanding, encountered a band of 600 Pulajanes, near Butte on the island of Leyte, Sunday morning. Lieut. Worswick, 13 privates and a civilian scout, McBride, were killed.

The constabulary were driven back. The Pulajanes secured 14 rifles and two revolvers. The bodies of Worswick, McBride and 10 privates were recovered. Reinforcements of constabulary have been sent from the nearest station.

Maj. Nevill, commanding the military, has ordered a company of regular infantry to be hurried to the scene. Maj. Nevill reports that there are from 400 to 1,000 Pulajanes in the field.

Lives Lost When Wall Collapsed. South Framingham, Mass., July 24.—The front of a partially completed two-story brick and cement building, of which a portion was being built for the postoffice, collapsed, Monday night, and one man was killed. The work was carried down in the week. Only ten have been taken out alive.

**SOUTHWEST**  
The Land of BIG CROPS and PROSPERITY  
Are you making as much off your farm as you ought? No doubt you are making all you can. The trouble is the land costs too much. It takes too much money to buy a big farm, and so you are trying to make a living on a small farm, or perhaps you are renting one and trying to get a good share of what you raise. In rent. Wouldn't it be better to go where the price of good land is so little that you can own a big farm—where every acre of the ground is working for you and all you have to pay is your good profit?  
There are thousands of acres of fertile land in the Southwest along the line of the Cotton Belt Route that can be bought for from \$3 to \$10 an acre. This land is increasing in value each year.  
**See the Southwest at Small Cost**  
A trip to the Southwest would convince you that your best interests lay in settling there. The trip can be made at very little expense. On the last and 3rd Tuesdays of each month you can purchase a round trip ticket to any point in the Southwest on or off the Cotton Belt Route at very low rates. Stop-overs will be allowed for you to examine any locality you are interested in.  
Write at once for free copies of books describing this wonderful country and for full information about cost of tickets, etc.

## MAN AND WOMAN ASSAULTED.

The Woman Will Die and the Man May Not Recover—A Suspect Arrested.

Kansas City, Mo., July 20.—Bertha Bowlin and Frank Kern, each 21 years of age, were found unconscious at Fourteenth and Franklin streets, on the West bluff, overlooking the railway yards, early Friday. Both had been assaulted during the night. The woman will die, and the man may not recover.

Albert Cronse, also 21 years of age, a stock yards employee and a member of the Third regiment, Missouri national guard, was arrested later and held by the police for investigation. Cronse, who had kept company with the woman last year, had beaten her at that time. When arrested there was blood on his clothing.

## A FIVE MILLION CATHEDRAL

Will Be Erected in New York, 2nd Will Follow Style of Notre Dame de Rouen.

New York, July 21.—On the top of Crow Hill, in the Prospect Park section of Brooklyn, now occupied by the buildings of King's county penitentiary, will be reared a cost of \$5,000,000, a stupendous cathedral, following in its architecture, beauty and grace of Notre Dame de Rouen, one of the most celebrated cathedrals in France. Work will be under way next spring.

## Rosenberg Not an Anarchist.

Altona, Prussia, July 20.—August Rosenberg, formerly of Seattle, Wash., who was arrested here July 3 on the charge of being engaged in an anarchist conspiracy, has been released. The judge who investigated the case decided that the testimony against the prisoner was inadequate, and said that no suspicion remained in the minds of the authorities against him.

## DECORATION OF MAJ. DREYFUS.

The Rehabilitation Officer Invested With the Insignia of a Chevalier of the Legion of Honor.

Paris, July 24.—The conferring of honors upon Maj. Alfred Dreyfus, the hero of the Dreyfus case, the army and navy are now attempting to repay the hardships inflicted on him during the long period of his debasement and ostracism, was carried out Saturday when the rehabilitation officer was made a chevalier of the Legion of Honor.

At the Ecole Militaire, where he was degraded 12 years ago, Dreyfus appeared Saturday afternoon wearing his new uniform of a French major, and in the presence of the troops was officially decorated with the cross of the legion. The commanding officer then embraced Dreyfus in the name of the president of the republic.

## OPEN PUBLICITY THE BEST GUARANTEE OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence, frankly and fearlessly publishing broadcast as well as on its bottle wrapper, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula; and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, pelvic troubles and functional derangements of the female system, is the only medicine put up for sale through druggists for women's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper will show that it is made wholly from native, American medicinal roots, that it contains no poisons or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of superior strength, being used instead of the commonly employed alcohol, for its extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run, more harmful to the female system. Now, glycerine is perfectly harmless, and serves a valuable purpose in dissolving the active medicinal ingredients of the other ingredients entered into the "Favorite Prescription."

So, women, who are afflicted with these diseases, and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed, commending them for the cure of the various diseases for which this famous medicine is advised. No other medicine has been so widely and so frequently endorsed—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. J. C. Pierce, Buffalo, N. Y., for his list of extracts from the words of prominent medical writers and teachers, endorsing this medicine. It is worth telling just what Dr. Pierce's medicine is made of. It's free for the asking.

## RUSSELL SAGE DEAD

SUDDEN DEMISE OF NOTED WALL STREET FINANCIER.

Started as Grocer's Clerk, Wholesale Grocer, Congressman, Railroad Manipulator, Money Getter.

New York, July 23.—Russell Sage died suddenly, Sunday, at his country home, "Godfrey's," at Lawrence, Long Island. The immediate cause of death was heart failure, resulting from a complication of diseases incident to old age. The veteran financier would have celebrated his nineteenth birthday anniversary on August 4. Mr. Sage had been in exceptionally good health since his arrival at his summer home about six months ago. At noon, Sunday, he was seized with a sinking spell, collapsed, falling into unconsciousness about two hours before his death, which occurred at 4:30 o'clock. The funeral services will be held on Wednesday at the West Presbyterian church in West Forty-second street, of which Mr. Sage had been a member for many years. The interment will take place in Troy on Thursday. Mr. Sage and her brother, Col. Stocum, are named as the executors of Mr. Sage's will.

[Russell Sage was born in the little township of Verona, Oneida county, New York, on August 4, 1810. His father was a Connecticut man, and Mr. Sage was the last of an old Connecticut set, with every member of which he was on friendly terms.

The career of Mr. Sage is a thing to be classified; first, as the poor grocery clerk; for his brother in Troy, and then as a retail grocer in business for himself, and after that successively as a wholesale grocer, a ward politician in Troy, a dabbler in railroads, and then as a director in some of the railroads which now comprise the transcontinental system. Last of all, he was a money gatherer in New York.]

Seize Embalmed Milk. East St. Louis, Ill., July 25.—Thirty gallons of milk, which it is claimed was "embalmed" with formaldehyde, were confiscated by Dr. A. A. McBrien, East St. Louis health officer, and Arthur Funke, his assistant, Tuesday. The milk had been shipped over the Vandalla road to an East St. Louis dealer from Formosa, Ill. It was dumped into a slough near Bohn dyke.

## LOCOMOTIVE BLASTS

Night Yardmaster Hely Lane, of Princeton, visited friends and relatives here this week.

Brakeman and Mrs. Bert Sulhard spent several days in Nashville, Tenn., last week.

Conductor Ed. Cunningham, of the interurban service, after a week's absence with an injured finger, resumed work Monday.

The L. & N. will run a special train from Hopkinsville to Madisonville, Aug. 2, 3 and 4 on account of the great Hopkins County Fair.

Thos. Smith, of the night inspection force, and son, Thos. Jr., of the round house crew, left Sunday night for Louisville, where they will spend a week with friends and relatives.

The New York Central Railroad expects to be handling its trains in and out of New York by electric locomotives on Oct. 15 next. The work of schooling its employees to handle the new locomotive began last week.

At a point near Nortonville Tuesday, the trucks of the tender of a work train broke, derailing the tender and causing several hours' delay to traffic. Engineer Standfield and Conductor Blomhagen were in charge of the train, which was going to Crofton with section men and material. No one was injured.

superintendent of the Henderson division of the L. & N. railroad, has been appointed manager of the Louisiana Car Service Association, with office at New Orleans. Mr. Dunn has been connected with a large construction company operating in the South.

Mrs. Leo Hurd, wife of Col. Leo Hurd, city ticket and passenger agent of the L. & N. railroad at Evansville, died at the family residence Saturday after an illness of only a few days. Her husband and son, who survive, have the sympathy of the Henderson division employees in their bereavement.

A wreck occurred Saturday morning at Rankins Station, a small town about three miles from Henderson, in which two loaded box cars were almost completely demolished and about three hundred feet of track torn up. The accident was caused by spreading rails. The crew all escaped injury and the only damage done was that to the cars and track. Traffic was resumed after a short delay.

The accident bulletin, which has just been issued by the interstate commerce commission for the three months ending March 31, 1905, shows the total number of casualties to passengers and employees to be 18,205, 1126 killed and 17,170 injured. The number of passengers and employees killed in train accidents was 274. The total number of collisions and derailments was 3500 (1921 collisions and 1579 derailments), of which 280 collisions and 167 derailments affected passenger trains.
